# Irondog K9 Int'l. Recap

2022 EDITION

## Irondog K9 International year- in- review

The ever changing economy has not only affected the budgets of our individual donors, but also has greatly affected the budgets of our law enforcement k9 teams causing a greater need for our help.

Irondog K9 International has had to ramp up our efforts to reach out to corporate donors and apply for grants to help us bring in donation dollars to continue our efforts to equip, protect and train law enforcement K9 teams.

We will never stop looking for another way to meet the needs of our K9 Heroes.
